

**Print Journal Reclassification & Reshelving Project, 2014**

The Library is in the process of reorganizing its periodical collection. If you cannot find a print journal by its call number on the shelves:

1. Check to see if the title is on this list.
2. If listed, look at the "Wooden Cart" column to find your journal's location.
3. Go to the 4th floor and find the wooden cart with the corresponding number. The wooden carts are lined up at the northwest end of the floor.
4. Find your journal there.
